**NOTICE OF THE INFORMAL APPEALS CONFERENCE –  
REGARDING A PERMIT APPEAL FOR  
INDUSTRIAL SERVICE OIL COMPANY, INC. (ISOCI)  
South Soto Street, Los Angeles, California 90023  
On  
FEBRUARY 12, 2008 at 6:00 p.m.  
in the Resurrection Church Hall  
3360 East Opal Street, Los Angeles, California 90023**

Interested persons are invited to **attend and observe** an Informal Appeals Conference hosted by the Department of Toxic Substances Control (DTSC), for the Industrial Service Oil Company, Inc. (ISOCI). Electronic recorders or photographic equipment will **not** be permitted.

During the informal conference, **only** those persons who submitted written arguments may address the Permit Appeals Officer. This Conference is for parties to discuss the briefs they have submitted and to provide an opportunity to explain, clarify, or re-state their arguments regarding the twenty appeal comments or issues which have been granted review. No additional evidence or documentary material can be accepted because the decision on the appeals is based on the administrative record from the final permit decision.

The specific comments or issues that have been granted review are listed at [www.dtsc.ca.gov](http://www.dtsc.ca.gov) under Permit Appeals, in the document called "ISOCI Appeal Comments Granted Review." Paper copies may be found at the locations listed in this notice.

DTSC received five appeals (Petitions for Review) regarding the final permit decision. On June 29, 2007, DTSC issued Order Number HWCA 06/07-P003 granting review for twenty (20) appeal comments or issues and freezing the permit until a final decision on these comments or issues is issued. On September 6, 2007, DTSC invited interested parties to submit briefing arguments regarding any of these 20 appeal comments. In October 2007, DTSC received seven briefs. These and other documents are available at the DTSC web page: [www.dtsc.ca.gov/HazardousWaste/Projects/ISOCI.cfm](http://www.dtsc.ca.gov/HazardousWaste/Projects/ISOCI.cfm) .

The informal conference is the next-to-the-last step in the process addressing the appeals of the final permit decision for Industrial Service Oil Company, Inc., for its existing operations and proposed expansion.
